PONTIFICAL COUNCIL FOR PROMOTING THE NEW EVANGELIZATION

Upcoming publications:

THE ENCHIRIDION OF THE NEW EVANGELIZATION

The Enchiridion is a publication containing excerpts from speeches, messages, homilies, apostolic letters and yet other documents of the Popes since 1939, from Pius XII to Benedict XVI, and from the official documents of the Council Vatican II, all chosen for their relevance to the New Evangelization.

It shows how the issue of the New Evangelization has emerged during past decades, and is now deemed as one of the most important challenges for the Church.

The Enchiridion will be first offered to the participants to the next **XIII Ordinary General Assembly of the Synod of Bishops**, which will be especially focused on the New Evangelization. It will be subsequently also available for purchase in bookshops.

At present only the Italian edition of the Enchiridion has been published.
